

Little Athletics NSW – 2022/2023 Season

Meet Manager 5.0 - Web Configuration For Zone / Region Championships - Live Results

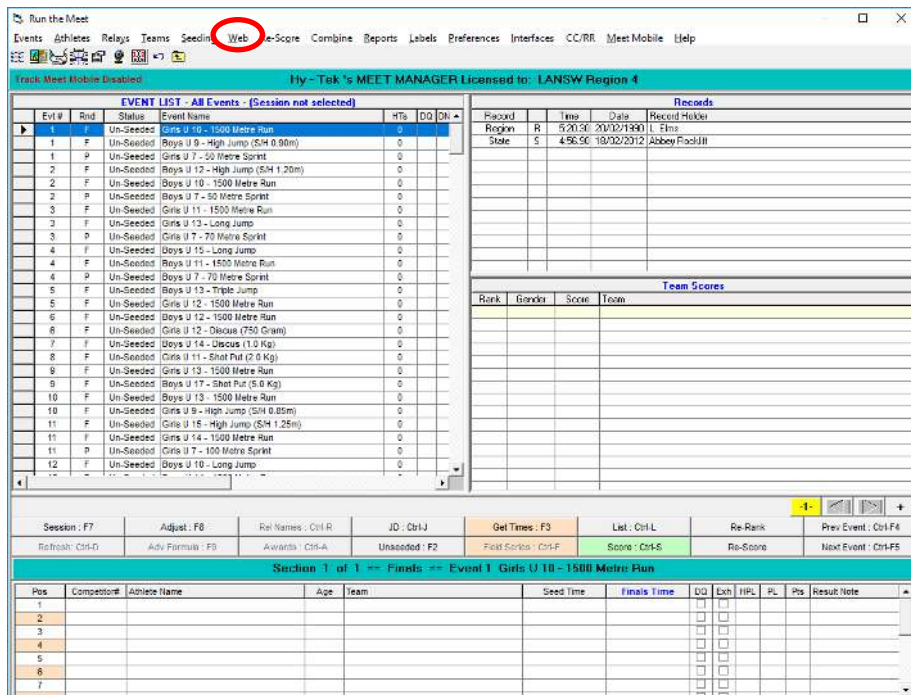

Zone and Region results may be uploaded to the internet (www.littleathletics.com) from Meet Manager in real-time again this season. It is entirely up to individual Zones and Regions to decide if they would like to utilise this functionality. **Please Note:** To be able to upload the results to the website, at least one of the Zone / Region computers (with access to the master database) must have internet access.

Configure your computer to use the Live Results option (Real-Time Results) as follows:

1. Select **Run** from the Main Menu.

2. Select **Web** from the “Run the Meet” menu.

3. Select the **Log-in** tab.
 - i. Set the site address to "**www.littlearesults.com**".
 - ii. Set User Name to "**XXXXXX**".
Where "**XXXXXX**" represents your Zone or Region designation as per the table on Page 13.
 - iii. Set Password to "**Liv3R3sults**".
 - iv. Set Working Directory to **"/**".
 - v. Tick "**Enable F10, F11, F12 from Run**" box.

The screenshot shows a web application window titled "Web" with a "Log-in" tab selected. The interface includes the following elements:

- Log-in** and **Settings** tabs.
- Instruction: "Enter your site address such as: ftp.mywebsite.com or www.mywebsite.com".
- Site address input field: **www.littlearesults.com**
- User Name input field: **Region4**
- Password input field: **XXXXXXXXXX**
- Working Directory (case sensitive) input field: **/**
- Working Directory example: **TrackMeet/Results**
- Buttons: **Test Web Site Connection**, **Upload Event Schedule**, **Upload Default Result Pages**, **Upload Heat Sheets or Performance Lists for Rounds Not Done**, **Upload Results for Completed Rounds**
- Checkboxes:
 - Do not Upload; Only create files for choices above and copy to c:\realtime
 - Upload Performance Lists only **Enable F10, F11, and F12 from Run**

4. Select the **Settings** tab.
 - i. Set Event Sort to "**Session**".
 - ii. Set Mode to "**Passive FTP (best)**".
 - iii. Tick "**Include Session Title if Sort by Session**" box.
 - iv. Tick "**Include Competitor Number**" box.

The screenshot shows a web browser window titled "Web" with a "Settings" tab selected. The interface includes the following elements:

- Navigation: "Log-in" and "Settings" (circled in red).
- Refresh Settings: "Seconds delay for heat refresh : 30" and "Seconds delay for event results refresh : 60".
- Event Sort: A dropdown menu with "Session" selected (circled in red), and radio buttons for "Event Number" and "Publication".
- Mode: A dropdown menu with "Passive FTP (best)" selected (circled in red), and a radio button for "Active FTP".
- Background Colors: Three columns for "Index Page", "Heat/Perf Page", and "Results Page". Each has a "Background Color" and "Text Color" dropdown. All "Text Color" dropdowns are set to "Black".
- Checkboxes: "Include Link to Home Page", "Include Print Button with Results", "Include Link to Picture Files", "Include Session Title if Sort by Session" (checked and circled in red), and "Include Competitor Number" (checked and circled in red).
- Footer: An empty text input field.

5. Return to the **Log-in** Tab and select "**Test Web Site Connection**".

Web

Log-in | Settings

Enter your site address such as: ftp.mywebsite.com or www.mywebsite.com

www.littleareresults.com

User Name : Region4

Password : *****

Working Directory (case sensitive) : /

Working Directory example: TrackMeet/Results

Test Web Site Connection

Upload Event Schedule

Upload Default Result Pages

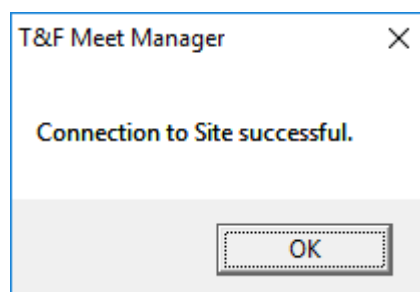

Upload Heat Sheets or Performance Lists for Rounds Not Done

Upload Results for Completed Rounds

Do not Upload; Only create files for choices above and copy to c:\realtime

Upload Performance Lists only Enable F10, F11, and F12 from Run

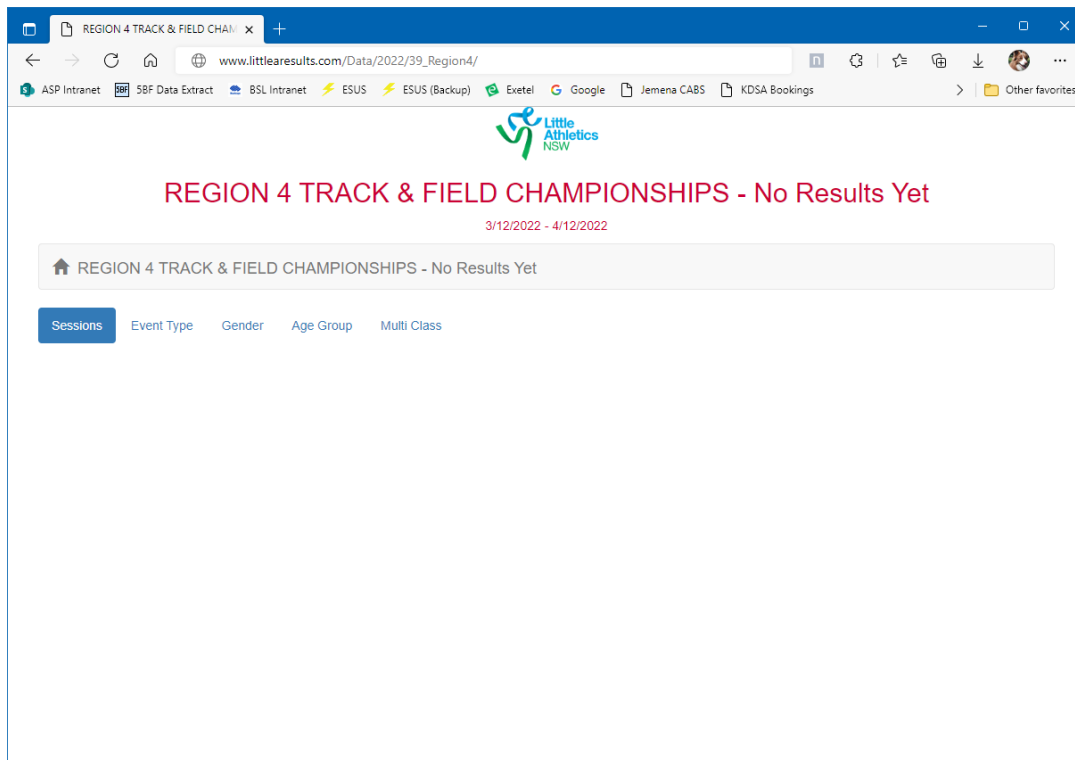

If the preceding steps have been followed correctly, and the computer is connected to the internet, the following popup window will be displayed indicating that the configuration is correct.

Uploading Information Before Championships

If your event Sessions (Event Schedule) have been finalised they can now be uploaded to the website (www.littleathletics.com). This will allow the list of events to be conducted at the Championships to be viewed online.

Please note that each Zone / Region on the “Live Results” website currently contains a default upload (See below) which will be overwritten when your event Sessions (Event Schedule) are uploaded.

To upload the Event Schedule follow steps 1 and 2 from above and the Web form will display.

1. Click on “**Upload Event Schedule**” and the events for the championship will be uploaded.
2. To avoid an error message on the webpage when no results have been loaded click on “**Upload Default Result Pages**” and an informative message will be displayed until the results are loaded.

Web

Log-in | Settings

Enter your site address such as: ftp.mywebsite.com or www.mywebsite.com

www.littleareresults.com

User Name : Region4

Password : xxxxxxxxxx

Working Directory (case sensitive) : /

Working Directory example: TrackMeet/Results

Test Web Site Connection

Upload Event Schedule

Upload Default Result Pages

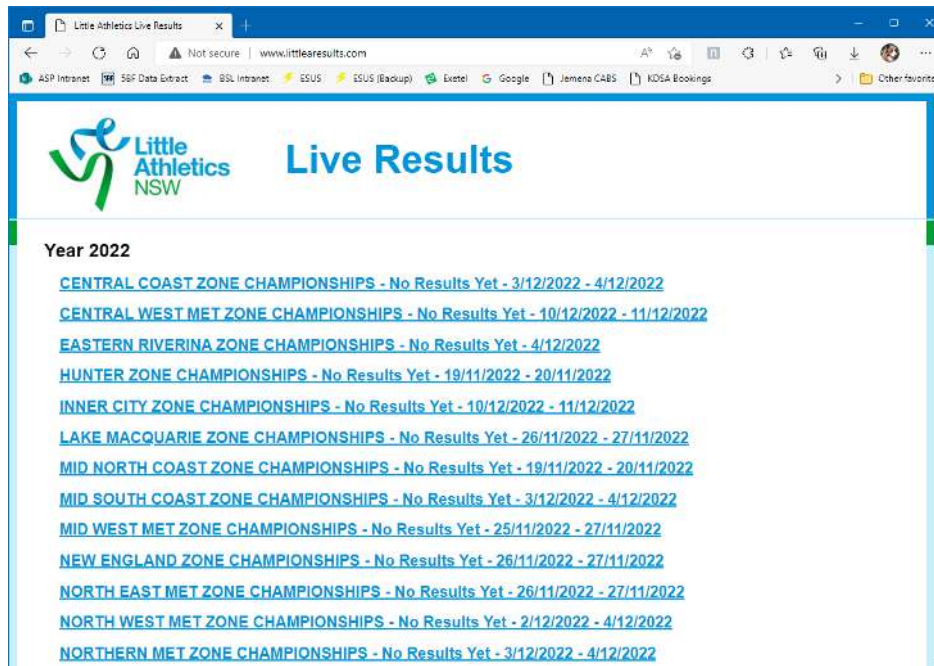

Upload Heat Sheets or Performance Lists for Rounds Not Done

Upload Results for Completed Rounds

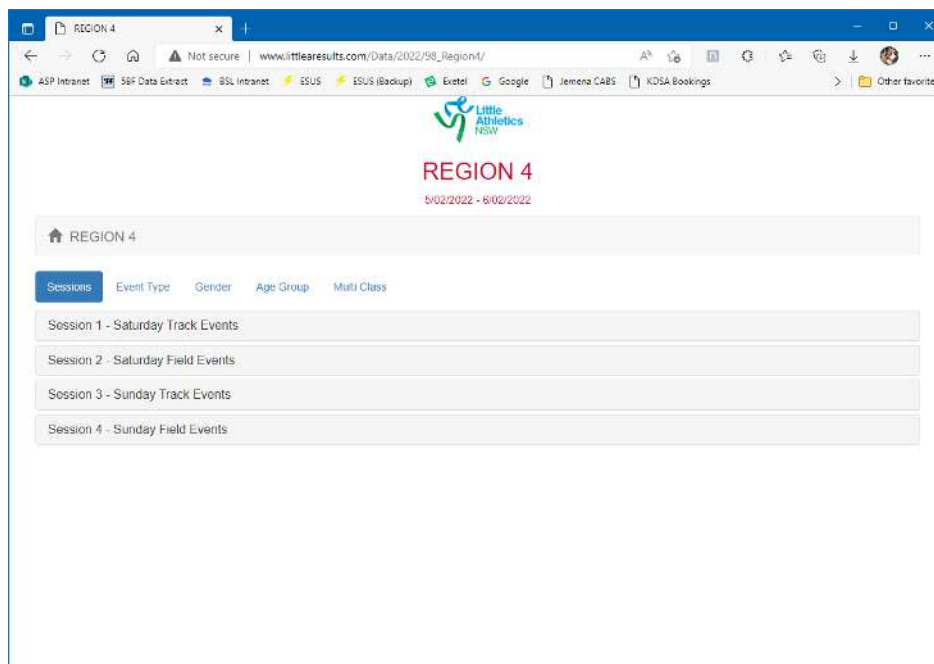

Do not Upload; Only create files for choices above and copy to c:\realtime

Upload Performance Lists only Enable F10, F11, and F12 from Run

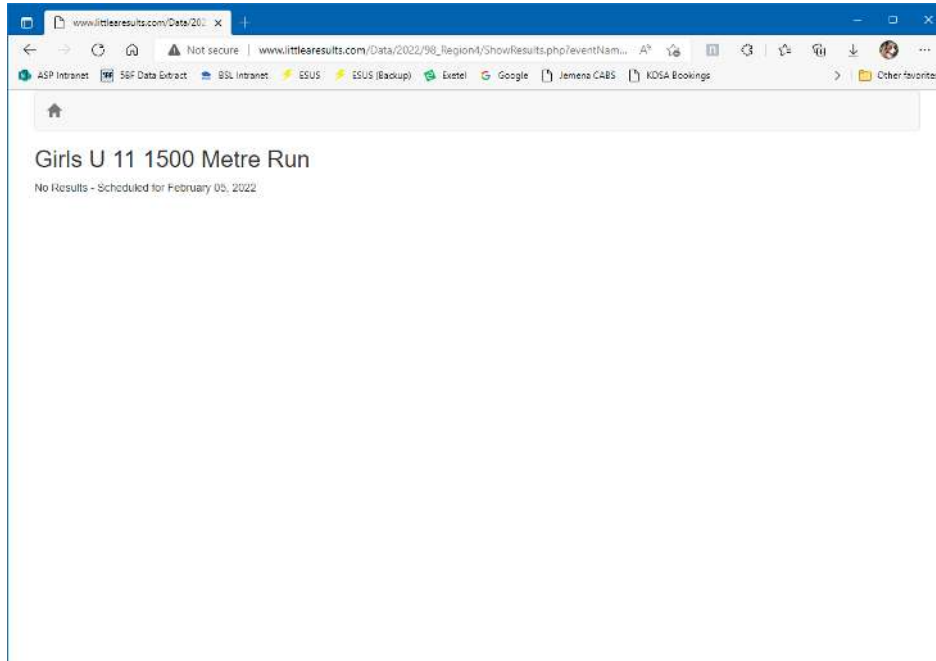

To view your Event Schedule (event list) go to www.littleathletics.com and select your Zone / Region.

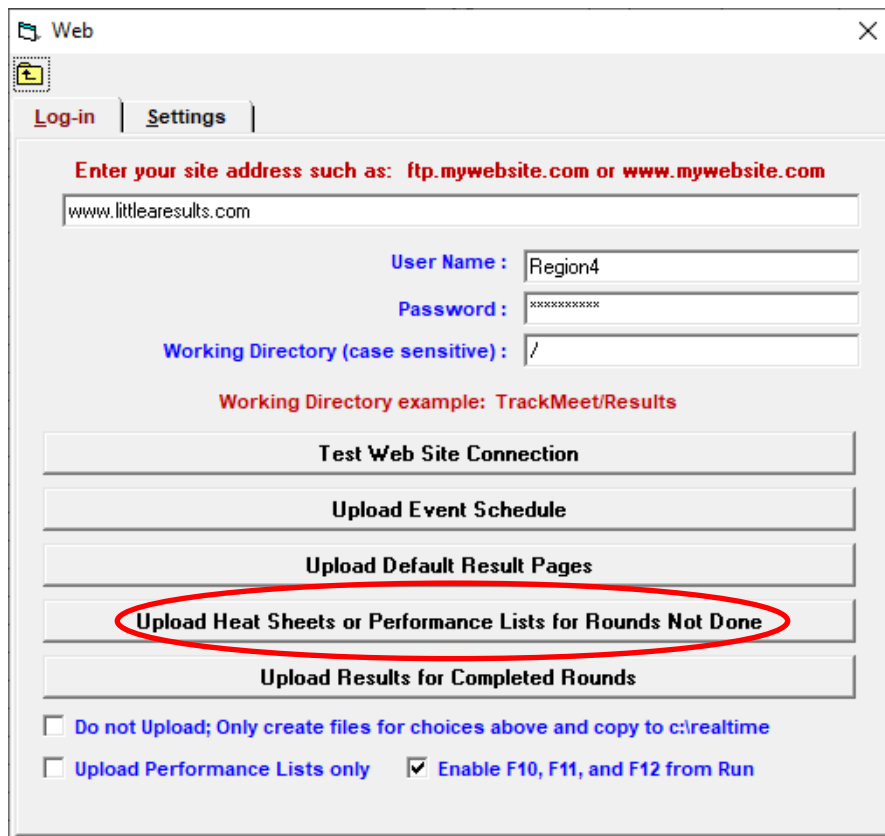

The relevant Zone / Region screen will display.

The following message will be displayed when an event is selected, indicating the event is not completed.

If you would like all the Heat/Field Sheets for the events displayed on the website prior to the Championships this can be achieved by selecting **“Upload Heat Sheets or Performance Lists for Rounds Not Done”**.

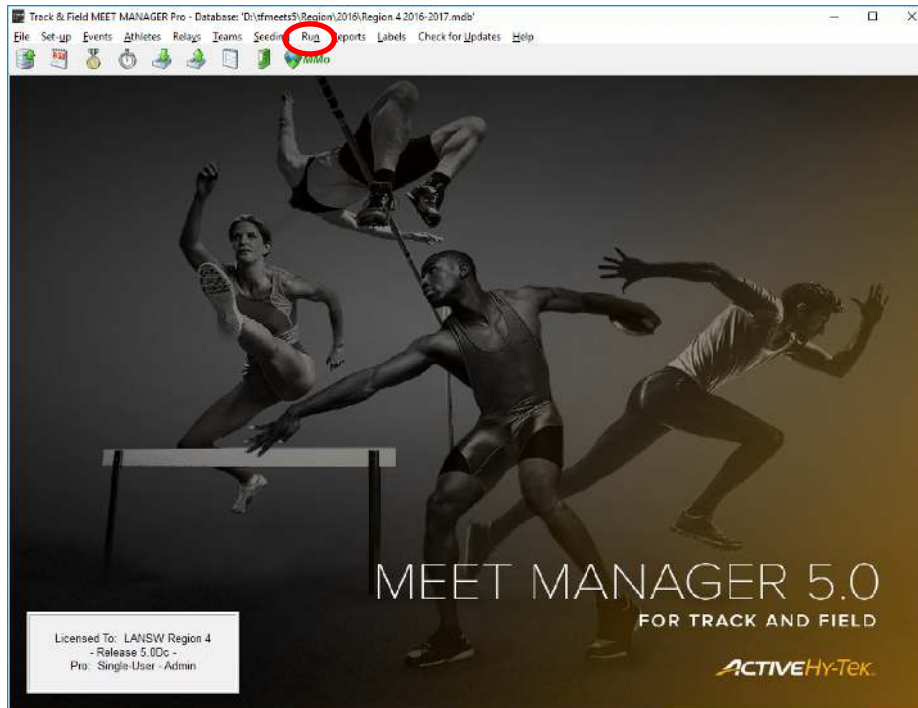

Uploading Results During Championships.

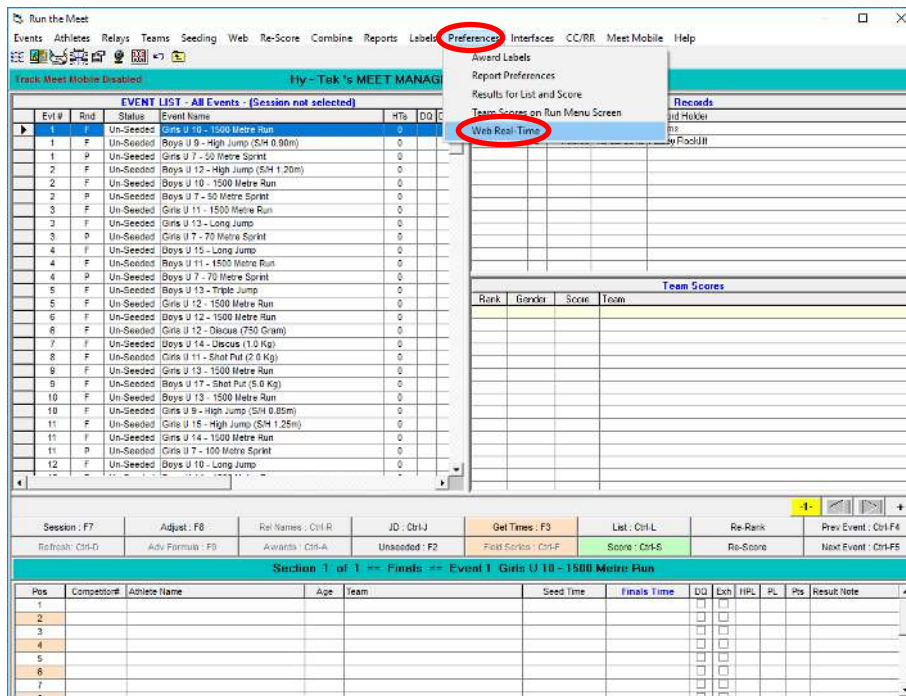

Once the Championships have commenced results can be uploaded to the internet website as each event is completed.

Prior to uploading results to the web, you need to define what information will be included.

1. Select **Run** from the Main Menu.

2. Select **Preferences**, **Web Real-Time** from the “Run the Meet” menu.

3. On the **Web Real-Time Preferences** form select the following:
- For the **Include in Heat Sheets / Performance Lists** section:
 - Tick **“Records”** box.
 - Tick **“Advancement Formula”** box.
 - For the **Include in Results** section:
 - Tick **“Records”** box.
 - Tick **“No Shows”** box.
 - Tick **“Advancement Formula”** box.
 - For the **Time Stamps** section:
 - Select **“Date and Time”** radio button.
 - If there are ticks in any other boxes in these sections remove them.
 - Select **“Close”**.

The screenshot shows the 'Web Real-Time Preferences' window. The 'Include in Heat Sheets / Performance Lists' section has 'Records' and 'Advancement Formula' checked. The 'Include in Results' section has 'Records', 'No Shows', and 'Advancement Formula' checked. The 'Time Stamp' section has 'Date and Time' selected. The 'Close' button at the bottom is also circled in red.

Web Real-Time Preferences

Include in Heat Sheets / Performance Lists

- Records
- Time / Mark Standards
- Entry Qualifying Time / Mark
- Event Comments
- Event Start Time
- Prior Round Results
- Entry Times / Marks
- Advancement Formula
- Qualifying Alternates
- Relay Athlete Names (0-8)

Team Scores

- Team Scores
- Combined Team Scores
- Team score matching sex of event
- Include all events scored
- Score through current event number

Include in Results

- Records
- Time / Mark Standards
- Entry Qualifying Time / Mark
- Event Comments
- All Prior Round Results
- Entry Times / Marks
- Scratches
- No Shows
- Advancement Formula
- Field Series
- Qualifying Alternates
- Include Splits
- Relay Athlete Names (0-8)

Results By Heat/Flight and Compiled

Time Stamp

- Date and Time
- Date Only
- None

To upload an event result you must be in the **Run The Meet** screen.

- Select the relevant event.
- Press the **F11** key to upload the selected **heat/final** to your Live Results website.
- Press the **F12** key to upload the selected **event** complete results to your Live Results website.

You can re-export heats and event results as many times as you like. If a set of events has already been exported, the new results for that event will overwrite the "old" results.

The results will appear as follows:

Field Result
